- unless he was a dependant of the member otherwise than by reason only that he was under the age of 18.

[P1987/51/42]

- (1) Where under Part I of the Social Security Act 1986 the Treasury pays minimum contributions for the purposes of approved personal pension arrangements, the amount of the employee's share of those contributions shall, instead of being the amount provided for in that Part, be the grossed-up equivalent of the amount so provided for.⁶⁰
- (2) For the purposes of this section –

“the employee's share” of minimum contributions is the amount that would be the minimum contributions if, for the reference in section 45(1) of the Pension Schemes Act 1993 (of Parliament) to the appropriate age-related

percentage, there were substituted a reference to the percentage mentioned in section 41(1A)(a) of that Act;⁶¹

“the grossed-up equivalent” of an amount is such sum as, after deduction of income tax at the standard rate in force for the year of assessment for which the contributions are paid, is equal to that amount.

- (3) The employee’s share of minimum contributions paid for a year of assessment by the Treasury for the purposes of approved personal pension arrangements shall be treated for the purposes of income tax –
 - (a) as income for that year of the individual in respect of whom it is paid, and

- (4) A notice under subsection (1) or (2) shall state the grounds on which, and the date from which, approval is withdrawn.
- (5) The Assessor may not withdraw his approval from a date earlier than the date when the facts were first such that they did not warrant the continuance of his approval (so, however, that in a case within subsection (3) his approval may be withdrawn from the day the arrangements in question were made).

37A Transfer of approved personal pension scheme to pension scheme approved under section 61H of the *Income Tax Act 1970*

- (1) This section applies to a personal pension scheme that is approved under section 2.

- (2) Despite the definition of “personal pension scheme” in section 1, the Assessor will allow a scheme approved under section 2 to be transferred to a pension scheme approved under section 61H of the *Income Tax Act 1970* (hereinafter referred to in this section as a “1970 Act scheme”) for the purpose of allowing the member to access the funds in accordance with Part 5A of that Act, should the member so elect.
- (3) Where a member of a scheme specified in subsection (1) elects for that scheme to be transferred to a 1970 Act scheme the total value of the scheme that is to be transferred will be liable to a transfer fee of 10% of that total.
- (4) Any transfer fee arising under subsection (3) shall be deducted from the sum to be transferred before the transfer can take place.
- (5) For the purposes of subsection (3), the total value of the scheme must be calculated as at the date on which the transfer fee is deducted, by reference to the then known circumstances.
- (6) Where an amount is liable to a transfer fee under subsection (3) —
 - (a) the fee shall be payable to the Assessor by the administrator of the scheme on the day on which the fee is deducted from the scheme; and

a transfer fee arises under subsection (3) in respect of a pension scheme of which the individual is a member, the transfer fee will not form a part of the income tax cap amount in section 2ZB of the *Income Tax Act 1970* as it is not a charge to income tax.⁷⁰

37B Recycling of funds withdrawn from another approved pension scheme

Where an individual pays a contribution under approved personal pension arrangements made by the individual and some, or all, of that contribution consists of funds that have been withdrawn from a pension scheme approved under this Act, the *Income Tax Act 1970* or the *Income Tax (Retirement Benefit Schemes) Act 1978*, section 13(1) shall not apply to the amount of the contribution that consists of those funds.⁷¹

PART 2 – TREATMENT OF FARM ANIMALS ETC. FOR PURPOSES OF INCOME TAX

38 Farming: the general rule

- (1) Subject to the provisions of this Part, in computing profits for the purposes of the Income Tax Acts, animals kept by a farmer for the purposes of his farming shall be treated as trading stock.
- (2) Animals forming part of production herds with respect to which an election under section 39 has effect shall not be so treated, but shall be treated instead in accordance with the rules set out in section 40.
- (3) An election under section 39 is referred to in this Part as “**an election for the herd basis**”.

39 Farming: election for the herd basis

- (1) An election for the herd basis shall apply to all production herds of a particular class kept by the farmer making the election, including herds which he has ceased to keep before, or first begins to keep after, the making of the election.
- (2) An election for the herd basis must be made in writing to the Assessor, and must specify the class of herds to which it relates.
- (3) Subject to sections 43 and 49, an election for the herd basis made by any farmer shall be valid only if it is made not later than two years after the end of –
 - (a) the first year of assessment for which he is chargeable to tax in respect of the profits of his farming, or is given relief for loss under section 27A or 28 of the 1970 Act in respect of his farming, being profits or relief the amount of which is computed by reference to the facts of a year of assessment during the whole or

some part of which he kept a production herd of the class in question; or

- (b) the first period for which an account is made up for his farming.
- (4) An election for the herd basis made by any farmer shall be irrevocable and, subject to section 43, shall have effect —
- (a) in a case within subsection (3)(a), for the first year of assessment referred to in that subsection and all subsequent years; and
 - (b) in a case within subsection (3)(b), for the first year of assessment for which the profits or losses of his farming are computed by reference to the facts of the first year for which an account is made up for his farming.

40 Herd basis: computation

- (1) Where an election for the herd basis has effect, the consequences for the purposes of computing profits for the purposes of the Income Tax Acts shall be as provided by this section.
- (2) The initial cost of the herd and, subject to the provisions of this section as to replacements, the cost of any animal added to the herd shall not be deducted as an expense and the value of the herd shall not be brought into account.
- (3) Where an animal which has theretofore been treated as part of the farmer's trading stock is added to the herd otherwise than by way of replacement, there shall be included as a trading receipt —
 - (a) in the case of an animal bred by the farmer, a sum equal to the cost of breeding it and rearing it to maturity; and
 - (b) in any other case, a sum equal to the initial cost to the farmer of acquiring the animal, together with any cost incurred by him in rearing it to maturity.
- (4) Where an animal (the "first animal") forming part of the herd dies, or ceases to form part of the herd, and is replaced in the herd by another animal (the "second animal") —
 - (a) any proceeds of sale of the first animal shall be included as a trading receipt; and
 - (b) the cost of the second animal, except in so far as that cost consists of such costs as are allowable apart from the provisions of this Part as deductions in computing profits of farming for the purposes of the Income Tax Acts, shall, subject to subsections (5) and (6), be deducted as an expense.
- (5) Where the second animal is of better quality than the first animal, the amount deducted shall not exceed the amount which it would have been necessary to expend in order to acquire an animal of the same quality as the first animal.

- (6) Where the first animal was slaughtered by the order of any Department or public authority under the law relating to diseases of animals, and the second animal is of worse quality, the amount included as a trading receipt shall not exceed the amount allowable as a deduction.
- (7) Where the herd is sold as a whole, and another production herd of the same class is acquired, subsections (1) to (6) shall apply as though there had been sold from, and replaced in, the original herd a number of animals equal to the number in the original herd or in the newly acquired herd, whichever is the less.
- (8) Subject to subsection (9), if (either all at once or over a period not exceeding 12 months) either —
- (a) the whole of a herd is sold in circumstances in which subsection (7) does not apply, or
 - (b) a part of a herd is sold on a substantial reduction being made in the number of animals in the herd,
- any profit or loss arising from the transaction shall not be taken into account.
- (9) Where within five years of the sale the seller acquires or begins to acquire another production herd of the class in question or, as the case may be, acquires or begins to acquire animals to replace the part of the herd in question —
- (a) subsections (4) to (7) shall apply to the acquisition or replacement, except that, if the sale was one which the seller was compelled to effect by causes wholly beyond his control, the amount included as a trading receipt in respect of any animal sold which is replaced by an animal of worse quality shall not exceed the amount allowable as a deduction in respect of that animal of worse quality; and
 - (b) for the purpose of the application of those subsections, the proceeds of sale of the animals comprised in the original herd or part of a herd shall be brought into account as if they had been respectively received at the times of the corresponding acquisitions.
- (10) If an animal forming part of the herd is sold, and none of subsections (4) to (9) applies, any profit or loss arising from the transaction shall be included or deducted, as the case may be; and for the purposes of this subsection, that profit or loss shall be computed by comparing with the proceeds of sale —
- (a) in the case of an animal bred by the farmer, the cost of breeding it and rearing it to maturity; and
 - (b) in any other case, a sum equal to the initial cost to the farmer of acquiring the animal (or in the case of an animal acquired otherwise than for valuable consideration, its market value when

the farmer acquired it) together, in both cases, with any cost incurred by him in rearing it to maturity.

- (11) Where the herd is sold as a whole, and another production herd of the same class is acquired, and the number of animals in the newly acquired herd is less than the number in the original herd, then, if the difference is not substantial, subsections (8) and (9) shall not apply, and subsection (10) shall apply to a number of animals in the original herd equal to the difference.
- (12) The preceding provisions of this section shall apply in relation to the death or destruction of animals as they apply in relation to their sale, as if any insurance or compensation moneys received by reason of the death or destruction were proceeds of sale, and any reference in this paragraph to the proceeds of sale of an animal includes a reference to any proceeds of sale of its carcase or any part of its carcase.

41 Farming: provisions applicable to special cases

A farmer who, having kept a production herd of a particular class, ceases altogether to keep herds of that class for a period of at least five years shall, as respects production herds kept by him after the end of that period, be treated as if he had never kept any production herds of that class before the end of that period.

42 Transfers between related persons

- (1) Where a farmer transfers to another person all or any of the animals which form part of a production herd otherwise than by way of sale or by way of sale but for a price other than that which they would have fetched if sold in the open market, and either —
 - (a) the transferor is a body of persons over whom the transferee has control or the transferee is a body of persons over whom the transferor has control or both the transferor and the transferee are bodies of persons and some other person has control over both of them; or
 - (b) it appears with respect to the transfer, or with respect to transactions of which the transfer is one that the sole or main benefit, or one of the main benefits, which (apart from the provisions of this paragraph) might have been expected to accrue to the parties or any of them was a benefit resulting from —
 - (i) the obtaining of a right to make an election for the herd basis, or
 - (ii) such an election having effect or ceasing to have effect, or
 - (iii) such an election having a greater or a less effect;

the like consequences shall ensue, in relation to all persons concerned, for the purpose of computing profits for the purposes of the Income Tax Acts as would have ensued if the animals had been sold for the price which they would have fetched if sold in the open market.

- (2) In this paragraph “body of persons” includes a partnership, and “control” has the meaning given by section 119A of the 1970 Act.

43 Compulsory slaughter of herd: special treatment

- (1) Where the whole or a substantial part of a production herd kept by a farmer for the purposes of his farming is slaughtered by the order of any Department or public authority under the law relating to the diseases of animals in such circumstances that compensation is payable in respect of it, an election for the herd basis thereupon made by the farmer in relation to that herd and any other production herds of the same class so kept by him shall, subject to subsection 2, be valid notwithstanding that it is not made within the time required by section 39(3).
- (2) An election for the herd basis made by virtue of subsection (1) shall only be valid if made not later than two years after the end of the first year of assessment for which the tax chargeable on the farmer in respect of the profits or gains of his farming finally falls to be computed by reference to the facts of a year in which the compensation is relevant.
- (3) An election for the herd basis made by virtue of subsection (1) shall, notwithstanding section 39(4), have effect only for the year of assessment mentioned in subsection (2) and subsequent years except that for the purposes of income tax the election shall have effect for earlier years for the purposes of any claim under section 27A or 28 of the 1970 Act which is made by the farmer for relief in respect of his farming, if the relief falls to be computed wholly or partly by reference to the facts of year in which the compensation is relevant.
- (4) For the purposes of this section, compensation shall be deemed to be relevant in any period if, but only if, it falls (or would but for an election under this section fall) to be taken into account as a trading receipt in computing the profits or gains or losses of that or an earlier year.

44 Exclusion of working animals

Nothing in this Part applies to any animals kept wholly or mainly for the work they do in connection with the carrying on of the farming.

45 Interpretation: Part 2

- (1) In this Part “herd” includes a flock, and any other collection of animals however named.

- (2) For the purposes of this Part, immature animals kept in a herd shall not be treated as forming part of the herd unless —
- (a) the land on which the herd is kept is such that animals which die or cease to form part of the herd cannot be replaced except by animals bred and reared on that land; and
 - (b) the immature animals in question are bred in the herd, are maintained in the herd for the purpose of replacement, and are necessarily maintained for that purpose;

and references in this Part to herds shall be construed accordingly.

- (3) References in this Part to an animal being added to a herd include references to an immature animal which is kept in the herd becoming a mature animal except that no more immature animals shall be treated as forming part of a herd than are required to prevent a fall in the numbers of the herd.
- (4) Female animals shall be treated for the purposes of this Part as becoming mature when they produce their first young.
- (5) In this Part “**a production herd**” means, in relation to a farmer, a herd of animals of the same species (irrespective of breed) kept by him wholly or mainly for the sake of the products which they produce for him to sell, being products obtainable from the living animal.

In this subsection “products obtainable from the living animal” means —

- (a) the young of the animal, or
 - (b) any other product obtainable from the animal, not being a product obtainable only by slaughtering the animal itself.
- (6) For the purposes of this Part, production herds kept by a farmer shall be deemed to be of the same class if, and only if, all the animals kept in the herds are of the same species (irrespective of breed) and the products produced for him to sell for the sake of which (either wholly or mainly) the herds are kept by him are of the same kinds in the case of all the herds; and elections for the herd basis shall be framed accordingly.
- (7) Any reference in this Part to profits chargeable to tax under the Income Tax Acts includes a reference to profits which would be so chargeable if there were any such profits for the year of assessment in question.

46 Application to trades other than farming, creatures other than animals, and animals and creatures kept singly

- (1) The preceding provisions of this Part shall, with the necessary adaptations, apply in relation to trades other than farming and trades consisting only in part of farming as they apply in relation to farming, and references to farmers shall be construed accordingly.

- (2) Those provisions shall (both in relation to farming and in relation to other trades) apply in relation to living creatures other than animals as they apply in relation to animals.
- (3) Laying birds shall be treated for the purposes of this Part as becoming mature when they first lay.
- (4) The provisions of this Part shall (both in relation to farming and in relation to other trades) apply, with the necessary adaptations, in relation to animals or other creatures kept singly as they apply in relation to herds.
- (5) Nothing in this Part shall apply in relation to any animal or other creature kept wholly or mainly for public exhibition or for racing or other competitive purposes.

47 Information

Where an election for the herd basis is made, every person carrying on any farming or other trade affected by the election shall, if required to do so by notice from the Assessor make and deliver to the Assessor, within the time specified in the notice, such returns as to, and as to the products of, the animals or other creatures kept by him for the purposes of the trade as may be required by the notice.

48 Election: effect on prior assessments

Where an election for the herd basis has effect for any year of assessment after an assessment for that year has become final and conclusive, any such assessment or, on a claim therefor, repayment of tax shall be made as may be necessary to give effect to the election.

49 Commencement

This Part has effect in respect of the 1989-90 year of assessment and each subsequent year.

PART 3 – SUB-CONTRACTORS IN THE CONSTRUCTION INDUSTRY

50 Deductions on account of tax etc from payments to certain sub-contractors

[P1988/1/559]

- (1) On making a payment to which this section applies the contractor shall deduct from it a sum equal to 20 per cent. of so much of the payment as is not shown to represent the direct cost to any other person of materials

used or to be used in carrying out the construction operations to which the contract under which the payment is to be made relates.

- (2) The sum deducted under subsection (1) shall be paid to the Assessor and shall be treated for the purposes of income tax —
 - (a) as not diminishing a payment to which this section applies; but
 - (b) subject to subsection (2) as being income tax paid in respect of the profits or gains of the trade, profession or vocation of the person for whose (or for whose employees' or officers') labour the contractor makes the payment.
- (3) Where a sum deducted and paid to the Assessor under subsection (1) is more than sufficient to discharge the liability to income tax of the person referred to in subsection (2)(b) in respect of the profits or gains mentioned in that paragraph, so much of the excess as is required to discharge any liability of that person for Class 4 contributions shall be treated as being, for the purposes of the Social Security Act, Class 4 contributions paid in respect of the profits or gains so mentioned.
- (4) Subject to subsection (5), where a contract relating to construction operations is not a contract of employment but —
 - (a) one party to the contract is a sub-contractor; and
 - (b) another party to the contract ("the contractor") either is a sub-contractor under another such contract relating to all or any of the construction operations or is a person to whom section 54(2) applies,

this section shall apply to any payments which are made under the contract and are so made by the contractor to —

- (i) the sub-contractor;
 - (ii) a person nominated by the sub-contractor or the contractor; or
 - (iii) a person nominated by a person who is a sub-contractor under another such contract relating to all or any of the construction operations.
- (5) Subsection (4) shall not apply to any payment made under the contract in question if the person to whom it is made or, if it is made to a nominee, each of the following persons, that is to say, the nominee, the person who nominated him and the person for whose labour (or, where that person is a company, for whose employees' or officers' labour) the payment is made, is excepted from this section in relation to those payments by virtue of section 51.
- (6) Subsection (5) does not apply to so much of any payment made under the contract in question to a person specified in regulations under section 52 as exceeds, or in aggregate with other payments specified in those regulations exceeds, the limit prescribed by those regulations.

- (7) For the purposes of this Part a payment (including a payment by way of loan) that has the effect of discharging an obligation under a contract relating to construction operations shall be taken to be made under the contract; and if —
- (a) the obligation is to make a payment to a person within subsection (4)(i) to (iii), but
 - (b) the payment discharging that obligation is made to a person not within those paragraphs,
- the payment shall for those purposes be taken to be made to the first-mentioned person.
- (8) In this section —
- “Class 4 contributions” means Class 4 contributions within the meaning of the Social Security Act 1975 (an Act of Parliament) and any such Act or any statutory provision amending or replacing that Act, as those Acts or provisions have effect in the Island;
- “the Social Security Act” means whichever of those Acts or provisions is the one under which the contribution in question is payable.

51 Exceptions from section 50

- (1) Subject to the provisions of regulations under section 52(2), a person is excepted from section 50 in relation to payments made under a contract if a certificate under this section has been issued to that person and is in force when the payment is made, but —
- (a) where the certificate has been issued to a person who becomes a partner in a firm, that person is not excepted in relation to payments made under contracts under which the firm or, where a person has nominated the firm to receive payments, the person who has nominated the firm is a sub-contractor; and
 - (b) where a certificate has been issued to a person as a partner in a firm, that person is excepted in relation only to payments made under contracts under which the firm or, where a person has nominated the firm to receive payments, the person who has nominated the firm, is a sub-contractor.
- (2) If the Assessor is satisfied, on the application of a person that such person satisfies the conditions set out in regulations under section 52, the Assessor shall issue to that person a certificate excepting him from section 50.
- (3) Where it appears to the Assessor, on an application made under subsection (2) by a company, that the company —

- (4) Where it appears to the Assessor that there has been a change in the control of a company holding or applying for a certificate, the Assessor may make any such direction as is referred to in subsection (3).
- (5) The Assessor may at any time cancel a certificate which has been issued to a person and is in force under this section if it appears to him that —

- (6) A person aggrieved by the refusal of an application for a certificate under this section or the cancellation of such a certificate may, by notice given to the Assessor within 30 days after the refusal or, as the case may be, cancellation, appeal to the Commissioners, and the jurisdiction of the Commissioners on such an appeal shall include jurisdiction to review any relevant decision taken by the Assessor in the exercise of his functions under this section.
- (7) If any person, for the purpose of obtaining a certificate under this section —

- (b) recklessly makes any statement, or furnishes any document, which is false in a material particular,
- he shall be liable on summary conviction to a fine not exceeding £5,000.
