Customs and Excise Acts 1986

BIOFUELS AND OTHER FUEL SUBSTITUTES (PAYMENT OF EXCISE DUTIES ETC.) REGULATIONS 2004¹

Laid before Tynwald: 19 October 2004

Coming into Operation: 1 September 2004

In exercise of the powers conferred on the Treasury by sections 94(1)(a), (b), (c), (2)(a) and (c), 107A(1), 107B(1)(b) and (2), 124A(1) and (2), 134(1) and (2) and 143A of the Customs and Excise Management Act 1986¹, sections 6AC(1)(a) and (b), (2) and (4), 6AF(1)(a) and (b), (2) and (4), 23A(1)(a) and (2)(a) to (d), (g), (h) and (i), 24(1)(a) and (2) and 27(1) of and paragraph 3 of Schedule 2 and paragraphs 3, 17 and 23 of Schedule 3 to, the Hydrocarbon Oil Duties Act 1986², and of all other powers enabling it in that behalf, the following Regulations are hereby made:-

PART 1

PRELIMINARY

1 Citation and commencement

- (1) These Regulations may be cited as the Biofuels and Other Fuel Substitutes (Payment of Excise Duties etc.) Regulations 2004 and come into operation on 1st September 2004.
- (2) Part 7 (relief for electricity generation) has effect in relation to any biofuel that is used as motor fuel in a generator to produce electricity on or after 1st September 2004.

2 Interpretation

- (1) In these Regulations —
“**the Act**” means the Hydrocarbon Oil Duties Act 1986;

¹ 1986 c.34

² 1986 c.38

“**approved person**” means a person approved by the Treasury under regulation 4 of the Deferment Regulations;

“**authorised person**” means a person authorised by the Treasury;

“**biodiesel duty**” means the duty charged on biodiesel by section 6AA(1) of the Act;

“**bioethanol duty**” means the duty charged on bioethanol by section 6AD(1) of the Act;

“**biofuel**” means biodiesel, bioethanol or fuel substitute;

“**biofuels duty**” means bioethanol duty, biodiesel duty or fuel substitute duty;

“**chargeable use**” —

- (a) in relation to biodiesel, means chargeable use within the meaning of section 6AA(2) of the Act,
- (b) in relation to bioethanol, means chargeable use within the meaning of section 6AD(2) of the Act, and
- (c) in relation to fuel substitute, means chargeable use within the meaning of section 6A(2) of the Act;

“**the Deferment Regulations**” means the Excise Duties (Deferred Payment) Regulations 1993³;

“**duty**” means any duty of excise;

“**entered premises**” means premises that have been entered in accordance with regulation 8A or 8E;²

“**exempt producer**” means a producer who is not liable under regulation 8A or 8E to make entry of production premises;

“**fuel substitute**” means a liquid that is charged with fuel substitute duty;

“**fuel substitute duty**” means the duty charged by section 6A of the Act;

“**large producer**” means a producer whom the Treasury has notified is a large producer in accordance with regulation 19A(1) (and that notification has not been withdrawn);⁴

“**motor fuels record**” has the meaning given in regulation 13;

“**producer**” means a person who —

- (a) sets aside biofuel for a chargeable use, or
 - (b) makes a chargeable use of biofuel,
- with the consequence that biofuels duty is charged;

“**production premises**” means any premises in relation to which a person is a producer;⁵

³ S.D. No. 94/93

“**quarter**” means the period of three calendar months commencing on 1st January, 1st April, 1st July and 1st October in any year;⁶

“**section 113**” means section 113 of the Customs and Excise Management Act 1986;⁷

“**used as motor fuel**” means used —

- (a) as fuel for: any engine, motor or other machinery, or
 - (b) as an additive or extender in any substance so used.⁸
- (2) References to “making entry” are references to making entry under section 113 of the Customs and Excise Management Act 1986.⁹

PART 2

EFFECT ON OTHER ENACTMENTS

3 Construction of references to hydrocarbon oil etc. in the Hydrocarbon Oil Duties Act 1986

- (1) The references to hydrocarbon oil in the following provisions of the Act are to be construed as including references to biodiesel and bioethanol —
- (a) section 16(1) (drawback of duty on exportation etc.);
 - (b) section 20(3) (fuel used in lifeboats etc.);
 - (c) section 23A(1)(a) (power to allow reliefs);
 - (d) section 24(2) (regulations with respect to hydrocarbon oil);
 - (e) paragraph 3 of Schedule 2 (subjects for regulations);
 - (f) paragraphs 17 and 23 of Schedule 3 (subjects for regulations).
- (1A) The references to hydrocarbon oil in the following provisions of the Oil Act are to be construed as including references to biodiesel —
- (a) section 24A(2), (3), (5) and (8) (penalties for misuse of marked oil);
 - (b) paragraphs 5, 8 to 10, and 12 to 16 of Schedule 4 (subjects for regulations).¹⁰
- (2) The references to hydrocarbon oil in the following provisions of the Act are to be construed as including references to bioblend and bioethanol blend —
- (a) section 3 (hydrocarbon oil as an ingredient in imported goods);
 - (b) section 16(1) (drawback of duty on exportation etc.);
 - (c) section 20(3) (fuel used in lifeboats etc.);
 - (d) section 22(1)(a) and (3)(a) (contaminated oil);
 - (e) section 20AA(1)(a) (power to allow reliefs);¹¹
 - (f) section 21(2)(regulations with respect to hydrocarbon oil etc);¹²

- (g) paragraphs 3 and 6 to 11 of Schedule 3 (subjects for regulations).¹³
- (2A) The references to hydrocarbon oil in the following provisions of the Oil Act are to be construed as including references to bioblend —
- (a) section 27A(2), (3), (5) and (8) (penalties for misuse of marked oil);
- (b) paragraphs 5, 8 to 10, 12 to 17 and 21 of Schedule 3 (subjects for regulations).¹⁴
- (3) The reference to the duty on hydrocarbon oil in section 16(1) of the Act is to be construed as including reference to —
- (a) biodiesel duty,
- (b) the duty under section 6AB (bioblend) of the Act,
- (c) bioethanol duty, and
- (d) the duty under section 6AE (bioethanol blend) of the Act.
- (3A) For the purposes of section 18 of the Oil Act (heavy oil used by horticultural producers) bioblend shall be treated as falling within the description of heavy oil.¹⁵
- (4) The references to the duty on hydrocarbon oil in section 23A(1)(a) of the Act are to be construed as including references to biodiesel duty, bioethanol duty, and duty under sections 6AB and 6AE of the Oil Act.¹⁶

4 Revocations

- (1) The Other Fuel Substitutes (Payment of Excise Duty etc.) Regulations 1995⁴ are revoked.
- (2) The Biodiesel and Bioblend Regulations 2002⁵ are revoked.

5 Amendment of the Deferment Regulations

- (1) Amend the Deferment Regulations as follows.
- (2) In regulation 2 —
- (a) after the definition of “approved person” insert —
- “biofuels” means a liquid that is charged with excise duty under section 6AA(2) (biodiesel), 6AD(2) (bioethanol) or 6A(2) (other liquid fuel substitutes) of the Hydrocarbon Oil Duties Act 1986;¹⁷ and
- (b) following the definition of “business day”, insert —
- “hydrocarbon oils” means goods (except biofuels and load fuel gas) chargeable with excise duty by virtue of the Hydrocarbon Oil

⁴ S.D. No. 616/95

⁵ S.D. No. 525/02

- Duties Act 1986 and includes composite goods containing hydrocarbon oils on which goods excise duty is chargeable; 22.
- (3) In regulation 3(a), after “spirits,” insert 23 biofuels, 22.
- (4) In regulation 5(3), after sub-paragraph (b) insert –
- 23 (ba) in the case of biofuels on which the duty would, but for deferment granted by these Regulations, be payable on or after the 15th day of one month and not later than the 14th day of the next month, the last business day of that next month; 22.
- (5) In regulation 11 (purposes for which duty is treated as paid), immediately after paragraph (d) insert –
- 23;
- (e) regulation 21 of the Biofuels and Other Fuel Substitutes (Payment of Excise Duties etc.) Regulations 2004. 22.

PART 3

WAREHOUSING

6 Production in warehouse

Part 4 (production premises) does not apply where –

- (a) the premises are an excise warehouse approved by the Treasury under section 93 of the Customs and Excise Management Act 1986, for the production and holding of the biofuel in question, and
- (b) the producer is an authorized warehousekeeper (within the meaning of that term in regulation 3 of the Warehousekeepers and Owners of Warehoused Goods Regulations 1999⁶ authorised by the terms of his approval to hold biofuels of that class or description.

7 Warehousing

- (1) Only biofuel that is –
- (a) special energy product, or
- (b) bioethanol for the production of bioethanol blend,
- may be produced in an excise warehouse or warehoused.
- (2) subject to, and in accordance with, warehousing regulations –
- (a) biofuel that is special energy product may be warehoused for any purpose,

⁶ S.D. No. 347/99

- (b) bioethanol may be warehoused only for the purpose of blending with hydrocarbon oil to produce bioethanol blend.
- (3) In this regulation, “special energy product” has the same meaning as in regulation 2 of the Excise warehousing (Energy products) Regulations 2004⁷.

PART 4

PRODUCTION PREMISES

8 Requirement to make entry of production premises

- (1) Regulation 8A applies to a producer of biofuels with respect to whom either the first condition or the second condition is satisfied.
- (2) The first condition is that at the end of any calendar month the producer has produced 2,500 litres or more of biofuel in the previous 12 months.
- (3) The second condition is that at any time there are reasonable grounds to believe that the producer will produce 2,500 litres or more of biofuel in the following 12 months.¹⁷

8A

- (1) A producer to whom this regulation applies is liable to make entry of all premises at which he has produced or will produce biofuel, but this is subject to regulations 8B and 8C.
- (2) A producer liable to make entry of premises must make entry of them not later than the day specified in paragraph (3).
- (3) The specified day is –
 - (a) in the case of a producer with respect to whom the first condition is satisfied, the thirtieth day following the end of the calendar month in question;
 - (b) in the case of a producer with respect to whom the second condition is satisfied, the thirtieth day following the day on which reasonable grounds arise for believing that he will produce that quantity.¹⁸

8B A producer is not liable to make entry of production premises under regulation 8A if he has already entered the premises in accordance with section 113 of the Customs and Excise Management Act 1986 for –

- (a) the purposes of that regulation; or
- (b) purposes treated as having effect under that regulation, and

⁷ S.D. No.650/04

that entry has not been cancelled by the Treasury under regulation 8F.¹⁹

8C A producer who meets the first condition specified in regulation 8(2) ceases to be liable to make entry of production premises if he satisfies the Treasury that he will produce less than 2,500 litres of biofuel in the 12 months immediately following the date he becomes liable.²⁰

8D A producer to whom regulation 8A applies must not send out from any premises a consignment of biofuel, which is charged with biofuels duty because it is set aside for chargeable use, before he makes entry of those premises.²¹

8E Requirement to make entry of production premises used by several producers

- (1) This regulation applies to two or more producers of biofuel with respect to whom –
 - (a) the first and second conditions are satisfied; and
 - (b) either the third condition or the fourth condition is satisfied.
- (2) The first condition is that the producers produce biofuel at the same premises or at the same sets of premises (“those premises”).
- (3) The second condition is that the producers have not previously made entry of those premises for the purpose of this regulation or the purposes specified in regulation 8B; or, if they have made such entry, that entry has been cancelled by the Treasury under regulation 8F.
- (4) The third condition is that at the end of any calendar month the total quantity of biofuel produced by all of those producers at all of those premises in the previous 12 months is 2,500 litres or more.
- (5) The fourth condition is that at any time there are reasonable grounds to believe that the total quantity of biofuel produced by all of those producers at all of those premises will be 2,500 litres or more in the following 12 months.
- (6) Each producer of biofuel to whom this regulation applies is liable to make entry of all those premises at which he has produced or, there are reasonable grounds to believe, will produce biofuel, but this is subject to paragraph (10).
- (7) A producer liable to make entry of those premises under paragraph (6) must make entry of them not later than the day specified in paragraph (8).
- (8) The specified day is –
 - (a) in the case of a producer with respect to whom the third condition is satisfied, the thirtieth day following the end of the calendar month in question;

- (b) in the case of a producer with respect to whom the fourth condition is satisfied, the thirtieth day following the day on which reasonable grounds arise for believing that quantity will be produced.
- (9) Each producer to whom this regulation applies must not send out from any of those premises a consignment of biofuel, which is charged with biofuels duty because it is set aside for chargeable use before he makes entry of those premises.
- (10) A producer who meets the third condition ceases to be liable to make entry of those premises if he satisfies the Treasury that the total quantity of biofuel produced by all of those producers at all of those premises will be less than 2,500 litres of biofuel in the 12 months following the date on which he becomes liable.²²

8F Cancellation of an entry of production premises

- (1) The Treasury may at any time cancel an entry made by a producer in respect of production premises if the Treasury is satisfied that the producer —
 - (a) has produced less than 2,500 litres of biofuel in the 12 months immediately preceding the proposed date of cancellation; or
 - (b) will produce less than 2,500 litres of biofuel in the 12 months immediately following the proposed date of cancellation.
- (2) Where two or more producers produce biofuel at the same premises or same sets of premises and the Treasury is satisfied that the total quantity of biofuel produced by all those producers at all those premises —
 - (a) is less than 2,500 litres in the 12 months immediately preceding the proposed date of cancellation; or
 - (b) will be less than 2,500litres in the 12 months immediately following the proposed date of cancellation,it may cancel the entries of those premises,
- (3) The Treasury must give a producer at least 30 days notice that it proposes to cancel an entry before cancelling it.²³

9 Storage of biofuels on production premises

Biofuels of different descriptions must be stored separately while on production premises, but this does not prevent biofuels from being mixed together to produce another biofuel.

10 Rights of access

- (1) An authorised person may enter and inspect any production premises, other than a private dwelling house.

- (2) An authorised person may examine any vehicle on those premises.
- (3) An authorised person may inspect or sample any biofuel found on those premises.
- (4) An authorised person may inspect or sample any biofuel found on or in any vehicle on those premises.

11 Provision of facilities by producers etc.

Any person occupying or for the time being in charge of any premises which an authorised person enters and inspects under regulation 10 must, if required by the authorised person, give facilities for the inspection or sampling of any biofuel found —

- (a) on those premises, or
- (b) in or on any vehicle on those premises

12 Removal of biofuel from production premises for warehousing

Subject to regulation 7 (warehousing), biofuel that is charged with biofuels duty while on entered premises may be removed from those premises for warehousing in an excise warehouse adjacent to the entered premises without payment of the biofuels duty.

PART 5

RECORDS AND MEASUREMENT

13 Motor fuels record

- (1) Every producer, other than an exempt producer, must keep and preserve at production premises a record (“the motor fuels record”) in accordance with the provisions of, and containing the particulars specified in, the Schedule.²⁴
- (2) In the Schedule, a reference to “standard litres” means a litre of any liquid at a temperature of 15°C.
- (3) The motor fuels record must be preserved by the producer for a period of 6 years, or such lesser period as the Treasury may allow, starting on the day that the record is made.

13A

- (1) Every exempt producer must keep and preserve at production premises such records as may be specified in a notice published by the Treasury and not withdrawn by a further notice.

- (2) The records required to be preserved by virtue of paragraph (1) must be preserved by the exempt producer for 6 years, or such lesser period as the Treasury may allow, starting on the day the record is made.²⁵

14 Fuel substitutes record and biodiesel record

- (1) This regulation applies if, before 1st September 2004, a person was obliged to keep and preserve —
 - (a) the fuel substitutes record governed by regulation 6 of the Other Fuel Substitutes (Payment of Excise Duty etc.) Regulations 1995, or
 - (b) the biodiesel record governed by regulation 7 of the Biodiesel and Bioblend Regulations 2002.
- (2) Notwithstanding the revocation of the regulations described in paragraph (1), the person must continue to preserve the fuel substitutes record or the biodiesel record, as the case may be, for a period of 6 years, or such lesser period as the Treasury may allow, starting on the day that the record is made.

15 Delivery note

- (1) This regulation applies if —
 - (a) a producer sends out from production premises a consignment of biofuel, and
 - (b) that biofuel is charged with biofuel duty because it is set aside for chargeable use when on those production premises.
- (2) The producer must, in respect of each consignment sent out from production premises, issue to the consignee a serially numbered delivery note containing the particulars specified in paragraph (3).
- (3) The particulars that are to be set out in the delivery note are as follows —
 - (a) the particulars set out in sub-paragraphs (a) to (f) of paragraph 1 of the Schedule; and
 - (b) the address from which that consignment is sent out.

16 Measurement

Where an authorised person requires the use of —

- (a) a particular method of measurement,
- (b) a particular method of calibration, or
- (c) particular conversion tables,

to ascertain any quantity of biofuel at or received into, used at or sent out from a production premises, or an excise warehouse, the occupier of the production premises or the excise warehouse must comply with such requirement.

PART 6

EXCISE DUTY POINTS, RETURNS AND PAYMENT

17 Excise duty points

- (1) Save —
 - (a) in the case specified in paragraph (2), or
 - (b) where duty suspension arrangements apply to the biofuel,
the excise duty point for biofuel produced by a producer liable to make entry of premises under regulation 8A or 8E(6), who has not made such entry, is the time when it is charged with biofuels duty.²⁶
- (2) The excise duty point for biofuel that is sent out from entered premises having been charged with biofuels duty when on those premises is the time that the biofuel is sent out.
- (3) Where biofuel is removed from entered premises in accordance with regulation 12, but it is not deposited in an adjacent excise warehouse within a reasonable time, the excise duty point for the biofuel is the time that it was sent out from the entered premises.
- (4) In this regulation, “duty suspension arrangements” means any provision made by or under the customs and excise Acts (including provision made by these Regulations) for enabling goods to be held or moved without payment of duty or any provision made by or under those Acts in connection with any provision enabling goods to be so held or moved.

18 Person liable

The person liable to pay the biofuels duty at an excise duty point fixed by regulation 17 is —

- (a) in the case of biofuel that is charged to biofuels duty on production premises, the producer;
- (b) in any other case, the person who caused the biofuel to be charged with biofuels duty

19 Returns, time and method of payment

- (1) The requirements in paragraph (1A) apply to a producer, other than a large producer, in relation to —
 - (a) each of his entered premises, and
 - (b) any premises for which he is liable to make entry that have not been entered.²⁷
- (1A) A producer to whom this paragraph applies must no later than the fifteenth day of each quarter —

- (a) furnish a return of the quantities of biodiesel, bioethanol and fuel substitute, and
 - (b) pay the biofuels due in respect of which there was an excise duty point in the preceding quarter.²⁸
- (2) The return must be made on forms provided by the Treasury for the purpose.
- (3) The return must be furnished, and the payment made, to the Treasury at such address as is specified in directions made by the Treasury under section 121(1) of the Customs and Excise Management Act 1986.
- (4) Where the fifteenth day of the quarter would fall on a day that is not a business day, the requirements of paragraph (1A) must be complied with no later than the last business day before that fifteenth day.²⁹
- (5) In paragraph (4), “business day” means a day that is a business day within the meaning of section 92 of the Bills of Exchange Act 1883⁸.
- (6) If the producer is an approved person who is granted deferment of the biofuels duty in accordance with regulation 5 of the Deferment Regulations, then —
 - (a) no information need be furnished to the Treasury in accordance with paragraph (1A) in relation to biofuel that is subject to that deferment, and³⁰
 - (b) the time when the biofuels duty is to be paid shall be the payment day specified by the Deferment Regulations.
- (7) In any other case for which an excise duty point is fixed by these Regulations, the biofuels duty must be paid on or before the excise duty point.
- (8) Every producer who is a producer on 30th June 2007 must, in relation to each of his entered premises, no later than 13th July 2007 —
 - (a) furnish a return of the quantities of biodiesel, bioethanol, and fuel substitute; and
 - (b) pay the biofuels duty,in respect of which there was an excise duty point in June 2007.³¹

19A Large producers

- (1) The Treasury may at any time notify a producer that he is a large producer if —
 - (a) in the 12 months immediately preceding notification the producer has produced 450,000 litres or more of biofuel; or

⁸ Vol V, p.310

- (b) it has reasonable grounds to believe that the producer will produce 450,000 litres or more of biofuel in the 12 months following notification.
- (2) The Treasury may withdraw a notification given to a large producer under paragraph (1) if the producer satisfies it by a statement in writing that —
 - (a) he has produced less than 450,000 litres of biofuel in the 12 months immediately preceding that statement, and
 - (b) there are reasonable grounds to believe that he will produce less than 450,000 litres of biofuel in the 12 months immediately following that statement.
- (3) The requirements in paragraph (a) apply to a producer who is for the time being a large producer in relation to —
 - (a) each of his entered premises, and
 - (b) any premises for which he is liable to make entry that have not been entered,
- (4) A large producer must no later than the fifteenth day of each month —
 - (a) furnish a return of the quantities of biodiesel, bioethanol and fuel substitute, and
 - (b) pay the biofuels dutyin respect of which there was an excise duty point in the preceding month.
- (5) Regulations 19(2) to 19(6) apply to large producers as they apply to producers and in the case of regulation 19(4) it applies with the substitution of “month” for “quarter”.^{32 33}

PART 7

RELIEF FOR ELECTRICITY GENERATION

20 Interpretation of this Part

In this Part, “qualified claimant” means a person who causes biofuel to be used as motor fuel in a generator to produce electricity.

21 Relief

- (1) Relief is afforded in accordance with this Part if a quantity of biofuel has been —
 - (a) charged with biofuels duty, and
 - (b) used as motor fuel in a generator to produce electricity.
- (2) The amount that is afforded is the amount of the biofuels duty that has been charged and paid.

- (3) Relief is allowed only upon the written application of a qualified claimant.
- (4) No relief is allowed in respect of any biofuels duty that is the subject of any other application or claim for repayment, remission or drawback.

22 Form of relief

- (1) If, at the time that the claim is made, the qualified claimant is an approved person, relief shall be in the form of an allowance to be set-off against duty payable to the Treasury by the qualified claimant.
- (2) If, at the time that the claim is made, the qualified claimant —
 - (a) is not an approved person,
 - (b) is a producer in relation to the biofuel that is the subject of the claim for relief, and
 - (c) has entered the premises (in accordance with regulation 8) on which that biofuel was charged with biofuels duty,

relief shall be in the form of an allowance to be set-off against the biofuels duty payable to the Treasury by the qualified claimant in respect of the biofuel that is the subject of the claim for relief.

- (3) In any other case, the relief shall be in the form of a repayment by the Treasury to the qualified claimant.
- (4) If two or more qualified claimants make application for relief relating to the same fuel, the Treasury may determine which one shall be afforded the relief.
- (5) If in relation to any application for relief it appears to the Treasury that the relief applied for exceeds the amount allowable under regulation 21, it may, in such circumstances as it sees fit and notwithstanding the provisions of regulations 25(1) and 26(3), reduce the amount of the claim to such lesser sum as appears to it to be allowable.

23 Set-off

- (1) In the case described by regulation 22(1) (approved persons), the qualified claimant must set-off the relief in accordance with regulation 6 of the Deferment Regulations.
- (2) In the case described by regulation 22(2) (producers), the qualified claimant must set-off the relief against the biofuels duty that he is obliged to pay under regulation 19(1).
- (3) In any other case, the Treasury may set-off the amount of any repayment under regulation 22(3) against any other debt then due to it from the qualified claimant.

24 Applications

- (1) Applications for relief that is set-off in accordance with regulation 23(1) must be made by submitting the claim for set-off governed by regulation 6(2) of the Deferment Regulations.
- (2) Applications for relief that is set-off in accordance with regulation 23(2) must accompany the return governed by regulation 19(1) that he is obliged to furnish in respect of the biofuels duty.
- (3) Applications for repayment —
 - (a) must be made no later than 3 months after the period to which they relate, and that period must not be shorter than 2 months nor longer than 3 years, and
 - (b) shall not lie where the amount to be paid is less than £50.

25 Cancellation of relief

- (1) If there is a contravention of, or failure to comply with, any condition imposed by or under regulation 26 or 27, the relief allowed shall be cancelled.
- (2) Where any relief is cancelled, any person who is a qualified claimant in relation to the application for relief shall, on demand, be liable to repay the amount of the relief.

26 General conditions

- (1) Relief is allowed subject to the following conditions.
- (2) The qualified claimant must, on being so required by the Treasury, furnish to its satisfaction evidence that —
 - (a) the biofuel that is the subject of the application for relief has been used as motor fuel in a generator to produce electricity, and
 - (b) the biofuels duty that is the subject of the application for relief has been paid and is not the subject of any other application or claim for repayment, remission or drawback.
- (3) The amount of relief applied for must not exceed the amount of relief that may be allowed by regulation 21.

27 Conditions imposed by the Treasury

Relief is allowed subject to such conditions (if any) as the Treasury imposes on a qualified claimant.

PART 8³⁴

MADE 25 AUGUST 2004

SCHEDULE

PARTICULARS TO BE ENTERED IN THE MOTOR FUELS RECORD

Regulation 13(1)

1 Charge arising on setting aside

In respect of each consignment of biodiesel, bioethanol or fuel substitute that is charged with biofuels duty because it is set aside for chargeable use when on the premises from which it is sent out, the following particulars must be entered in the motor fuels record before the consignment is sent out from his premises —

- (a) the date on which the consignment is sent out;
- (b) a description of that consignment indicating whether it is biodiesel, bioethanol or fuel substitute;
- (bb) in the case of a consignment of biodiesel on which a rebate of duty has been allowed under section 14A of the Oil Act, a description indicating that it was set aside for use other than as fuel for a road vehicle or as an additive or extender to any substance so used;³⁵
- (c) in the case of a consignment of fuel substitute, a description indicating that the fuel substitute has been charged with fuel substitute duty upon being set aside as —
 - (i) suitable only as fuel for a diesel engine,
 - (ii) suitable only as fuel for an engine, other than a piston engine, of an aircraft,
 - (iii) suitable only as fuel for a petrol engine powered by fuel other than unleaded petrol,³⁶
 - (iv) suitable only as fuel for a petrol engine powered by unleaded petrol,
 - (v) specially produced as fuel for a piston engine of an aircraft,
 - (vi) fuel for an engine, motor or machinery, but not falling within sub-paragraphs (i) to (v),
 - (vii) suitable only as an additive or extender in fuel for a diesel engine,
 - (viii) suitable only as an additive or extender in fuel for an engine, other than a piston engine of an aircraft,
 - (ix) suitable only as an additive or extender in fuel for a petrol engine powered by fuel other than unleaded petrol,³⁷
 - (x) suitable only as an additive or extender in fuel for a petrol engine powered by unleaded petrol,

- (xi) a multi-purpose additive or extender (designated, made and prepared as being for use as an additive or extender in any light oil),
- (xii) an additive or extender not falling within subparagraphs (vii) to (xi)
- (d) the quantity, in standard litres, of that consignment;
- (e) the name and address of the consignee to whom that consignment is sent;
- (f) the address to which that consignment is consigned;
- (g) the number of the delivery note (see regulation 15) that accompanied that consignment;
- (h) the date upon which the entry in relation to the consignment is made in the motor fuels record; and
- (i) the amount and rate of biofuels duty charged in respect of that consignment.

2 Charge arising on chargeable use

In respect of each quantity of biodiesel, bioethanol or fuel substitute that is charged with biofuels duty because it is put to chargeable use when on his premises, the following particulars must be entered in the motor fuels record on the day of the chargeable use —

- (a) the date of chargeable use;
- (b) a description of the liquid indicating whether it is biodiesel, bioethanol or fuel substitute;
- (c) in the case of fuel substitute, a description indicating that the fuel substitute has been charged with fuel substitute duty upon chargeable use as —
 - (i) fuel for a diesel engine,
 - (ii) fuel for an engine, other than a piston engine, of an aircraft,
 - (iii) fuel for a petrol engine powered by fuel other than unleaded petrol,³⁸
 - (iv) fuel for a petrol engine powered by unleaded petrol,
 - (v) fuel for a piston engine of an aircraft,
 - (vi) fuel for any other engine, motor or machinery not falling within subparagraphs (i) to (iv),
 - (vii) an additive or extender in fuel for a diesel engine,
 - (viii) an additive or extender in fuel for an engine, other than a piston engine of an aircraft,
 - (ix) an additive or extender in fuel for a petrol engine powered by fuel other than unleaded petrol,³⁹

- (x) an additive or extender in fuel for a petrol engine powered by unleaded petrol,
- (xi) an additive or extender in fuel for a piston engine of an aircraft, or
- (xii) an additive or extender in fuel for any engine, motor or machinery not falling within paragraphs (i) to (iv);
- (d) the quantity, in standard litres, of the biofuel put to chargeable use;
- (e) the date upon which the entry in relation to the consignment is made in the motor fuels record; and
- (f) the amount and rate of biofuels duty charged in respect of that chargeable use.
